

Call for Expressions of Interest: Japan Market Visit Includes attendance at Stadia & Arena Asia Pacific 2016

MEI are partnering with the organisers of Stadia & Arena Asia Pacific following the successful 2015 in Singapore. This year's event will take place at the Yokohama Arena, Japan where MEI will be taking a trade mission of companies with opportunities to attend, exhibit, speak and sponsor options, all at preferential rates.

This event brings together industry leaders in all aspects of sports venue design/build, management, operations, security and technology relevant to the major events community. With Japan hosting Rugby World Cup in 2019 and the Summer Olympics in 2020 this is the right time to visit this market and start making key connections. As part of preparation to attend, you will receive advice on how to succeed and also the support available, have privileged delegate only events, opportunities and a debrief session on return to look at next steps.

26 - 29 September 2016

Yokohama, Japan
