

Seamless scheduling for every show, shift, and crew

Parim is the workforce management platform built for the live events industry.

Whether you're staffing festivals and shows or managing security, catering, and logistics teams, Parim helps you schedule, track, and communicate with your entire workforce in one easy-to-use system.

Fast scheduling

Build and publish rotas in minutes.

Compliance made easy

Automate right-to-work, badges, and certifications.

Incident reporting

Log, manage, and resolve issues in real time.

Mobile app for crews

Instant updates, shift reminders, and check-in.

Timesheets & payroll

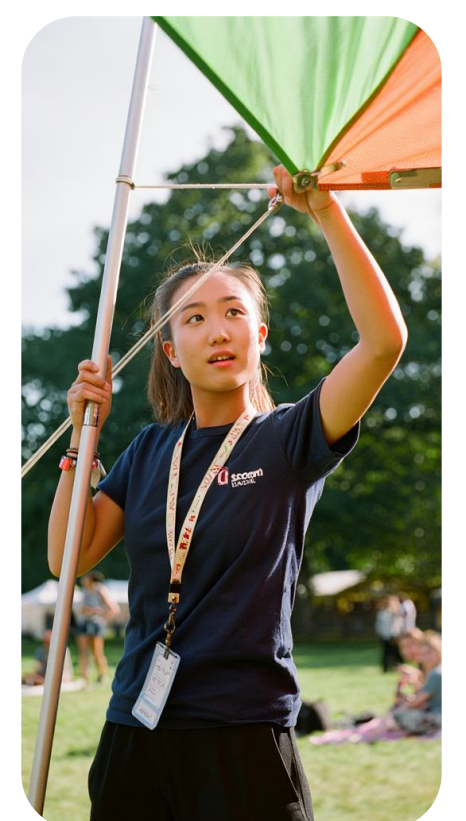

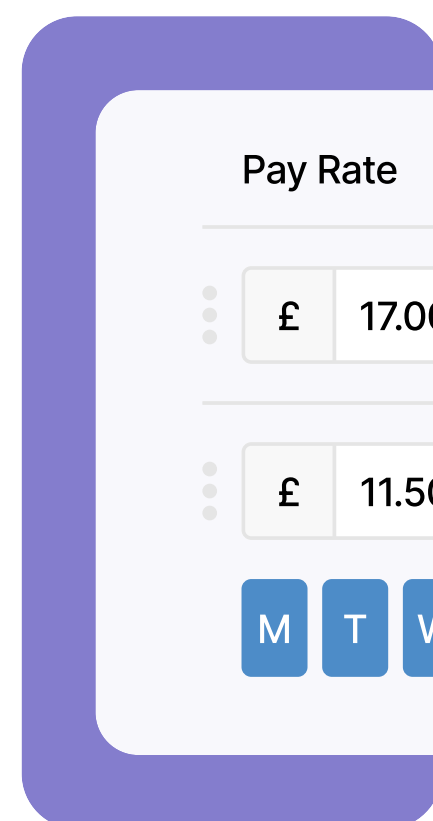

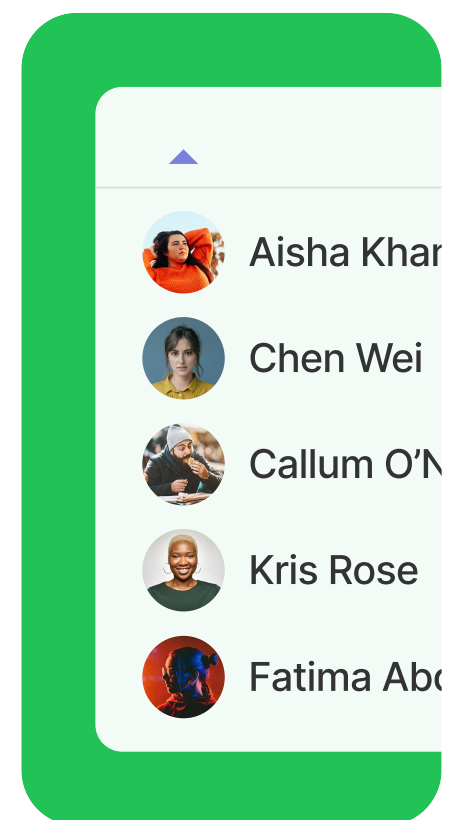

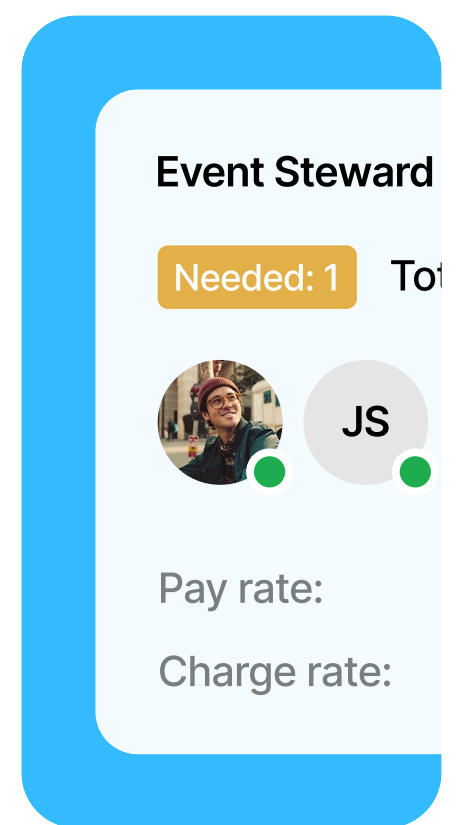

Accurate, automated, and ready to export.

Unlimited users

Pay only for shifts worked, add as many staff profiles as needed.

Used by leading event and staffing companies across the UK and beyond, Parim helps you save time, reduce admin, and deliver flawless operations.
